Mini Camera Reel with TruSense™

The SeeSnake® Mini packs ruggedness and versatility into a small frame, making it a great all-around camera for a range of pipe sizes. Newly available TruSense technology provides a high dynamic range (HDR) image sensor and a TiltSense™ inclinometer for SeeSnake CSx series Wi-Fi enabled monitors.

- First data enabled camera heads designed for drain inspection
- HDR image sensor offers bright, clear in-pipe imaging in difficult lighting conditions
- TiltSense data sensor displays the camera's in pipe pitch on CSx series Wi-Fi enabled monitors
- Self-leveling option ensures camera image is always upright
- Download the free HQx Live app to view and record video from a CSx series monitor on your phone or tablet
